

Product Design

Course syllabus · Mindfull Methods

Level: Portfolio Track · Duration: 6 weeks · Format: Online

Pricing: INR 12,999 · Cohort-based

Overview

A structured design track that helps you move beyond theory. You'll practice research, create wireframes, develop a coherent visual system, and present polished case studies-with feedback at every step.

What you'll learn

- ? Conduct lightweight UX research and translate findings into design decisions
- ? Build wireframes and iterate with feedback loops
- ? Develop a simple design system with consistent components
- ? Create a case-study narrative that recruiters understand

Weekly milestones

Week 1

- ? Problem framing
- ? User needs
- ? Research plan

Week 2

- ? Wireframing
- ? User flows
- ? Rapid iteration

Week 3
